Part Number : TDKEZW5-DEV - CCS EZ Web Lynx 5V Development Kit

This low cost kit includes all hardware, software and documentation needed to speed integration of EZ Web Lynx Ethernet modules into your design. Monitor and control analog and digital I/O on the docking station using custom HTML tags. Use the IDE to develop custom dynamic web pages and send alarm/status emails simply by programming in HTML. Complete documentation includes design examples for temperature monitoring, using conditional HTML tags and controlling pin I/O. Kit includes

- Two 5V EZ Web Lynx devices
- Docking station with I/O circuits
- 9V power supply
- Network cable, serial to PC cable
- Host ribbon cable
- EZ Web Lynx IDE software
- User manual

CCS is a trusted Third Party Tool provider
