GTIN(UPC/EAN) : 0 00 48011 24241 5

Scotch-Brite™ Bristle Disc, using ceramic abrasive grain and molded, flexible bristles, provides more surface contact than wire brushes and maintains abrasive property throughout the life of the disc. The fast-running disc removes paint, stains, adhesives, weld burns, rust, heavy oxides, and surface contaminants from large areas.

Additional Information

Our Scotch-Brite™ Bristle Disc is designed to last longer than wire and other abrasive discs and works well on aluminum, brass, bronze, carbon steel, cast iron, stainless steel, and other metals; and is used for general industrial, aerospace, automotive, metalworking, transportation, and automotive applications. Under normal use, the flexible bristles remain safely in place and can achieve

Characteristics

Attachment Type	Threaded
Brand	Scotch-Brite™
Color	Green
Diameter	4.5 Inch
Diameter (metric)	114.3 Millimetre
Grade	50
Max RPM	12000
Mineral Type	Ceramic
Product Form	Bristle
Push To GSDB	true
Thread Size	5/8-11 INT
Trademark Name 1	Scotch-Brite
